

Welcoming you back safely to PGH

We provide face-to-face teaching and online classes in the safest way possible. Everyone's health and safety in the building is at the heart of what we do so we have maintained some protective guidelines.

Below we explain what to expect when you visit us and what we are doing to keep our community safe.

Most classes have returned to the building, please look at our brochure to see where your class will take place.

What we are doing to keep you safe

Keeping you safe and healthy is our number one priority. That's why we have maintained our enhanced cleaning procedures but relaxed social distancing measures and made the wearing of masks optional. We are guided by expert information from the UK government.

Ventilation

The Guildhouse will be well ventilated; please bring extra layers as appropriate. We also use air purifiers in all classrooms to maintain air quality so that windows and doors may be closed when required.

Hygiene

We request that students continue to sanitise their hands when they come into the building and regularly during your stay. Additional hand sanitiser units have been positioned at key areas throughout PGH, including reception and all classrooms.

Cleaning and disinfecting

We'll be sanitising surfaces throughout the day. Classrooms will be sanitised between classes.

Changes to classes

We are now able to accept higher numbers of students but, to keep everyone safe, we have not yet returned to our pre-pandemic maximums, and we have maintained a degree of social distancing in our teaching spaces.

Protecting you and our staff and tutors

We are retaining the Perspex screening at our reception desk.

STAYING COVID-19 SECURE AT PGH: SUMMER 2022

What you can do to keep yourself and others safe

To keep the Guildhouse as safe and clean as possible, we need your help too. We ask that you follow a few simple rules when you arrive.

Stay home if you're unwell

Please don't come to the Guildhouse if you feel unwell or have COVID-19 symptoms.

Face coverings

Mask wearing is optional. We have face masks available in the office.

Exercise classes

Those attending exercise classes should bring your own mat and headrest, put your belongings in a bag and use the hooks in the classroom.

Use hand sanitising stations

You'll find these in the hallway and throughout the Guildhouse.
